

Hazelhen stalkhunt

3-day 1x2 bird hunt

NordGuide offers you a hunting adventure in the forest country of Swedish Lapland. This hunt includes traditional hunting for the hazel hen. We use professional guides in your hunt for the elusive forest bird. We carefully stalk up into the wind to get in a shot at the skittish bird. We will also try hunting by luring the hazel hen. The cabins offer wilderness comfort, 4-6 beds. The hunting area is situated in the vast forest country of Swedish Lapland, with a stable forest bird population – an excellent experience and a very good chance to get your hazel hen trophy. Good hunt!

About Swedish Lapland

Norrbottnen is the northernmost county in Sweden, with a population of 250,000 people, 160,000 reindeer and 65,000 snowmobiles spread over a quarter of Sweden's total area. We represent 2.8 % of the Swedish population which totals nine million. Norrbotten has 14 local authorities or municipalities. In area, Kiruna is the biggest and Haparanda the smallest. Luleå Municipality has the largest population – 72,000 – while Arjeplog has the smallest with just 3,000. Norrbotten contains the highest mountain in Sweden, Kebnekaise (2,111 m), as well as the deepest lake, Hornavan (226 m). Three of Sweden's four state-protected rivers run through Norrbotten: the Torne, Kalix and Pite rivers.
